New Banking House

THE undersigned having been induced to embark in the Exchange and Banking business, in the City of Washington, D. C., avails himself of an early occasion to notify his friends and the public generally of the fact, and to solicit their encouragement. His institution will be known as the "Bank of the Union," and from which not one dollar will be known or constitution that not one dollar will be issued, for circulation, that will not be represented by something tangible and substantial in the shape of Gold and Silver, Drafts

substantial in the shape of Gold and Silver, Drafts on the United States Treasury, Northern Exchange, or Virginia Bankable Funds.

By a strict adherence to a legitimate issue upon such a basis, it will readily be perceived that the public are protected, and the bank itself made to stand on the surest foundation. This enterprise is entered upon after the maturest deliberation, and it is gratifying to know that it meets with the appproval of experienced and sagacious financiers of New Yerk, Washington and Richmond.

In addition to the issue of notes for circulation, "The Bank of the Union" will collect drafts on the Government, and on the principal cities of the United States, and will negotiate for the purchase or sale (on commission) of State Stocks, Guarantied Bonds of Canal and Railroad Companies, and other good securities.

nies, and other good securities.

The Any business connected with the different Departments of the Government, in Washington, will be attended to on liberal terms.
